

Lake Forest Pediatric Associates
Lake Bluff • Lindenhurst • Vernon Hills

We are happy to be able to provide a Telemedicine appointment for your child.

In consenting to a telemedicine visit, you agree to:

- Login at the assigned time, with your child nearby, and wait for Dr. DeGeus to appear on the site. We can better assess your child if you are in a well-lit area. If possible, please have a flashlight on hand (you can also use the one on your phone).
- Check and record your child's temperature and weight prior to the appointment. If your child has respiratory symptoms and you have access to a pulse oximeter, please also check this vital sign.
- You understand that a telemedicine visit cannot fully replace an in-office visit. You understand and accept the limitations associated with a telemedicine visit. You consent to treatment via the telemedicine platform.
- Please note that if the visit goes toward patient responsibility (deductible/coinsurance), our regular financial policies will apply regarding payments.

At your appointment time, click this link: <https://doxy.me>. You will then be entered into a virtual waiting room, and Dr. DeGeus will connect with you when available. Please use a computer or device (such as a smartphone) with a good internet connection and webcam, and use an up to date version of Chrome or Firefox. Here is a video that demonstrates how to check in to your provider's virtual waiting room:

<https://www.youtube.com/watch?v=yJf9N9sjDLI#action=share>. If you run into issues connecting, restart your computer/device or check out <http://help.doxy.me>.

If you have any additional questions, please feel free to call the office.
